### OBJECTIVE

To raise awareness for the Earth Strike movement, climate change, global wildlife conservation efforts. With my help, I hope to have a hand in expediting new policies and protections for the environment, green energy, and global sustainability.

### SUMMARY OF EXPERTISE

United States veteran equipped with four years of photojournalism, graphic design, public affairs, and public outreach. I excel at tedious tasks, whether it's meticulously designing a graphic or researching facts needed for designs, stories, or debates. Skilled in AP-Style journalism, landscape and wildlife photography, graphic design, and public affairs. I have utilized photography as my main outlet for my creative hobbies, and mastered the Adobe Creative Suite both on the job and at home.
